

SPiTZ Vet Care

All you need for minimal invasive diagnosis and treatment

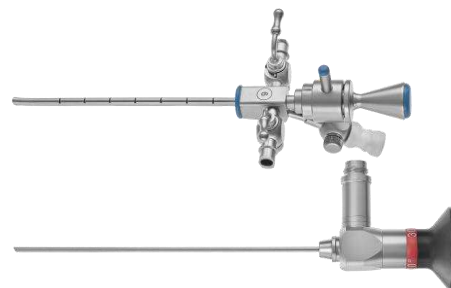

Diagnostic Endoscopy

Indication – Otolaryngoscopy small basic

Scope and sheath 2,0mm

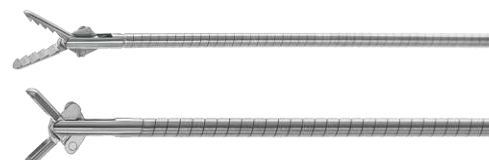

253-221-000 Sheath, 9,5Charr., with 1 channel

253-200-009 Scope 1.9/2.1mm, 0°

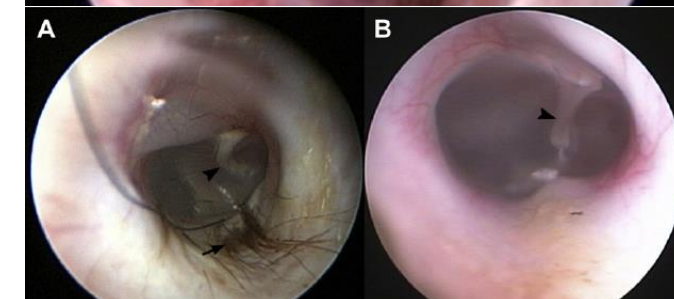

253-202-003 Foreign Body Forceps 3 Charr., flexible 28cm length

253-204-003 Biopsy Forceps 3 Charr., flexible 28cm length

410-330-000 Micro alligator ear forceps WL 80 mm, 3 1/4", jaw: 0.8

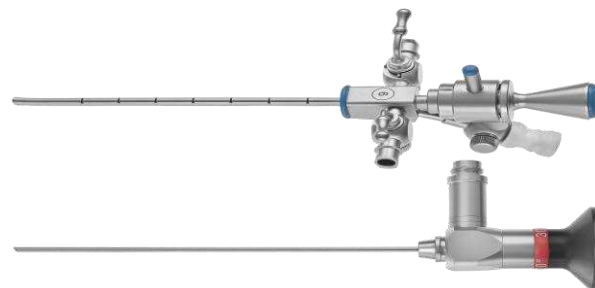

Indication – Otolaryngoscopy small top level

Scope and sheath 2,0mm 185mm

253-200-095 Sheath, 9,5Charr., with 1 channel

253-219-100/130 Scope 1.9/2.1mm, 0°/30°

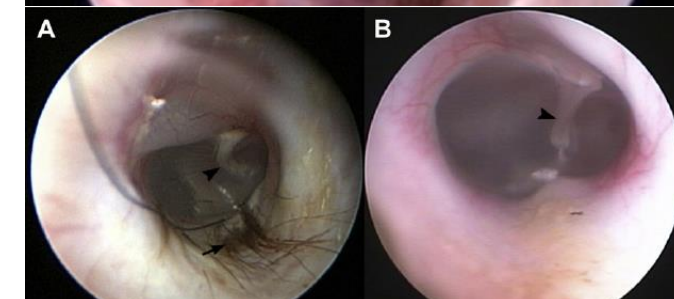

410-005-000 Veterinary Otoskop 0° 4mm with working channel 5Charr

252-503-140 Biopsy and Grasping Forceps for sinus w-l: 140mm,

5 1/2", 3x 4mm oval cup : 0.8 x 3.5 mm tubular shaft, straight

Indication – Otolaryngoscopy large basic

Scope and sheath 2,7mm

252-127-000 Sinuscope 0°, autoclavable, Ø 2,7mm, 180 mm, 7"

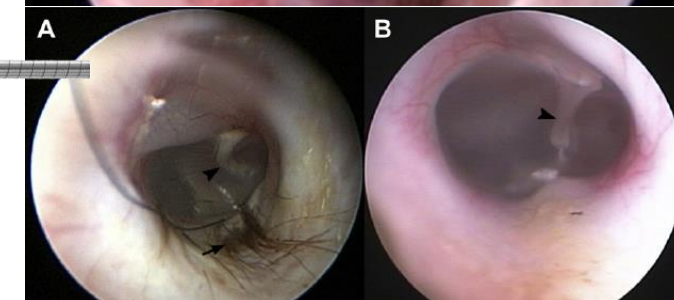

252-027-187 Suction and Irrigation Sheath for 30°telescope, 2,7mm,
 WL 150mm pistol hand grip

351-114-105 Alligator Grasping Forceps Ø1.6mm, 5 Charr., WL 400mm flexible, double action

351-120-105 Oval Biopsy Forceps Ø1.6mm, 5 Charr., WL 400mm flexible, double action

410-005-000 Veterinary Otoskop 0° 4mm with working channel 5Charr

410-330-000 Micro alligator ear forceps WL 80 mm, 3 1/4", jaw: 0.8 x 3.5 mm tubular shaft, straight

Indication – Otolaryngoscopy small top level

252-200-112 Blakesley Nasal Forceps, though cutting straight, Fig. 2, 3.0mm bite

252-031-120 Struempel nasal forceps 120mm, 4 3/4", straight with oval fenestrated cupped jaws

Indication Cystoscopy small

Basic (same set as Otolaryngoscopy)

253-221-000 Sheath, 9,5Charr., with 1 channel

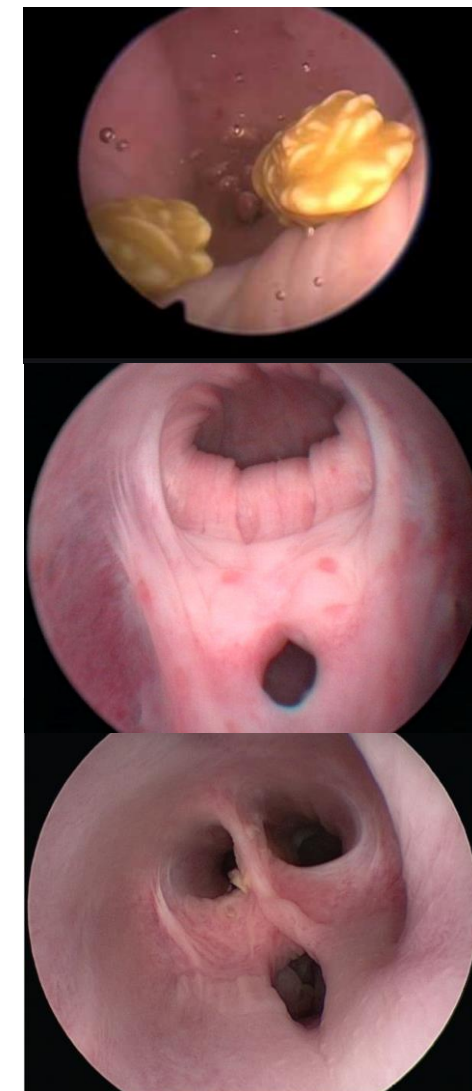

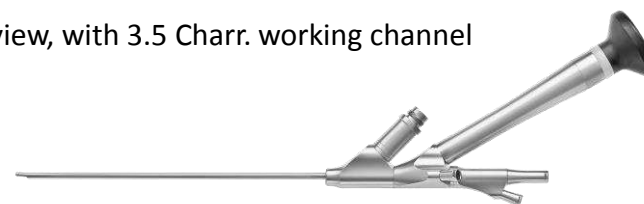

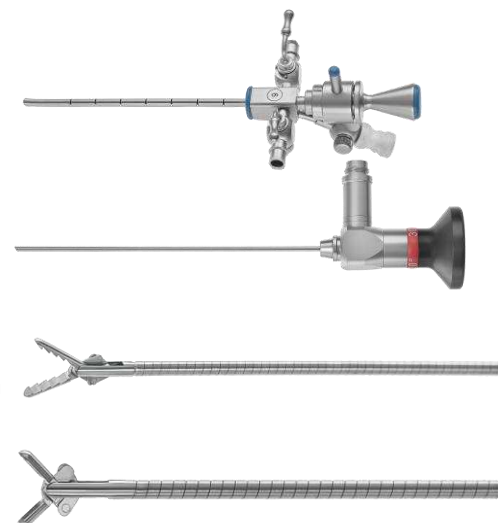

253-200-009 Scope 1.9/2.1mm, 0°

253-202-003 Foreign Body Forceps 3 Charr., flexible 28cm length

253-204-003 Biopsy Forceps 3 Charr., flexible 28cm length

Top Level

253-200-600 Operating Cysto-Urethrotome 4.5 Charr., 5°direction of view, with 3.5 Charr. working channel

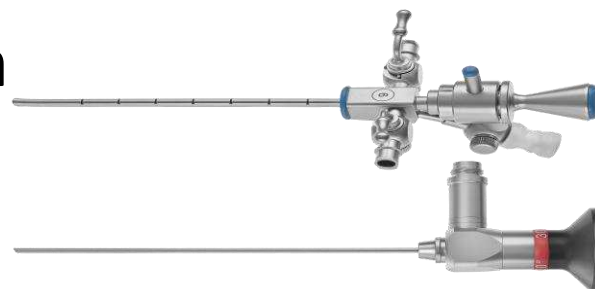

Indication Cystoscopy large basic

Scope and sheath 2,0mm 185mm

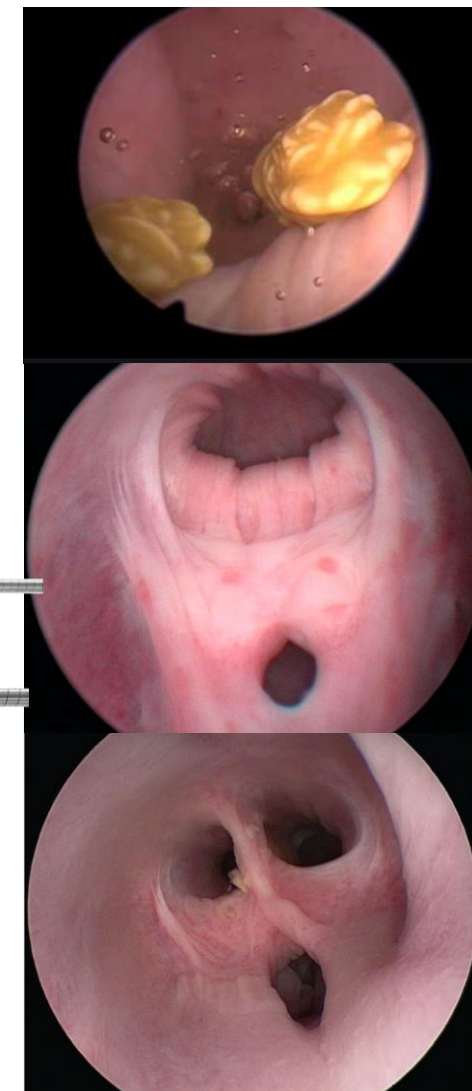

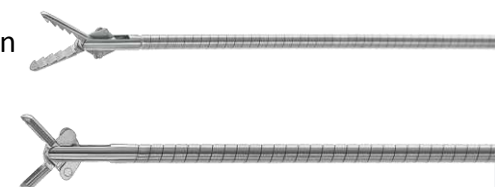

253-200-095 Sheath, 9,5Charr., with 1 channel

253-219-100/130 Scope 1.9/2.1mm, 0°/30°

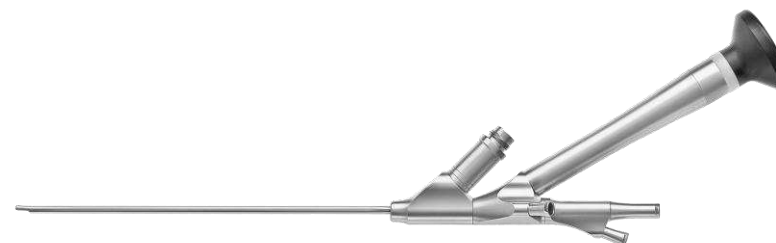

351-114-105 Alligator Grasping Forceps Ø1.6mm, 5 Charr., WL 400mm flexible, double action

351-120-105 Oval Biopsy Forceps Ø1.6mm, 5 Charr., WL 400mm flexible, double action

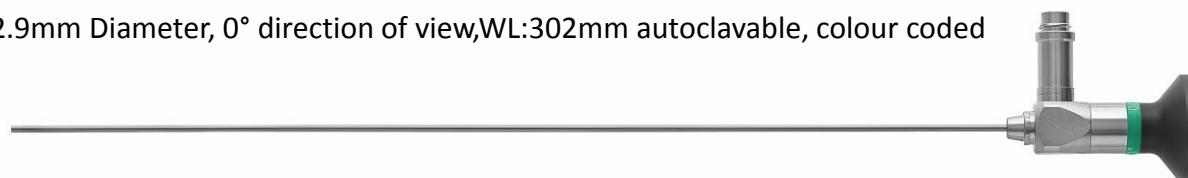

Indication Cystoscopy large top level

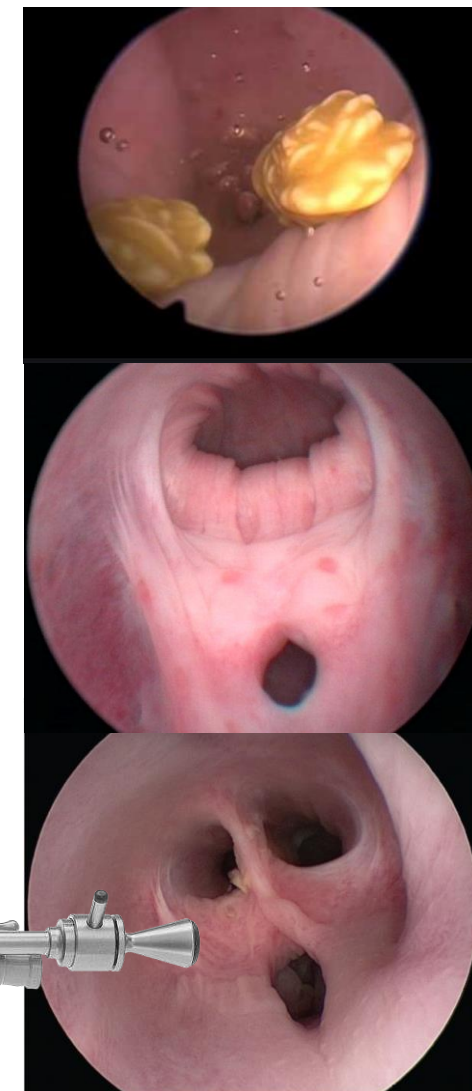

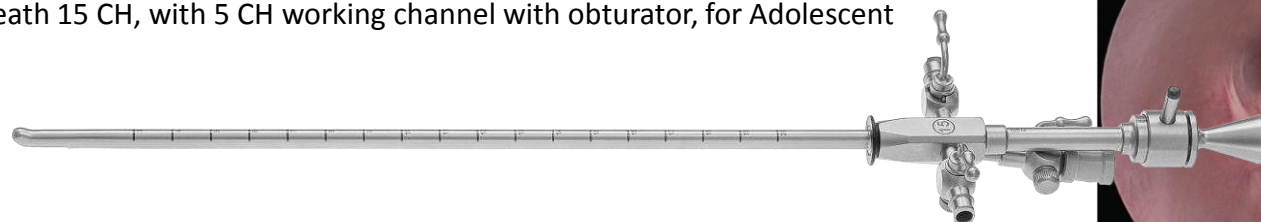

253-200-100 Pediatric Compact Cystoscope, 5°, 7.5/8.5/9.5 Charr. with 6 Charr. working channel, 15cm length

253-829-000 RZ- Cystoscope, 2.9mm Diameter, 0° direction of view, WL:302mm autoclavable, colour coded

253-310-014 Cystoscope Urethroscope Sheath 15 CH, with 5 CH working channel with obturator, for Adolescent

Flexible Endoscopy

- Bronchoscopy
- Cystoscopy
- Urethroscopy

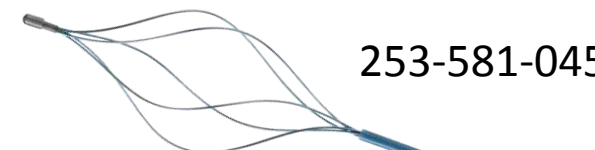

100-500-385

253-800-900

253-585-005

253-581-045

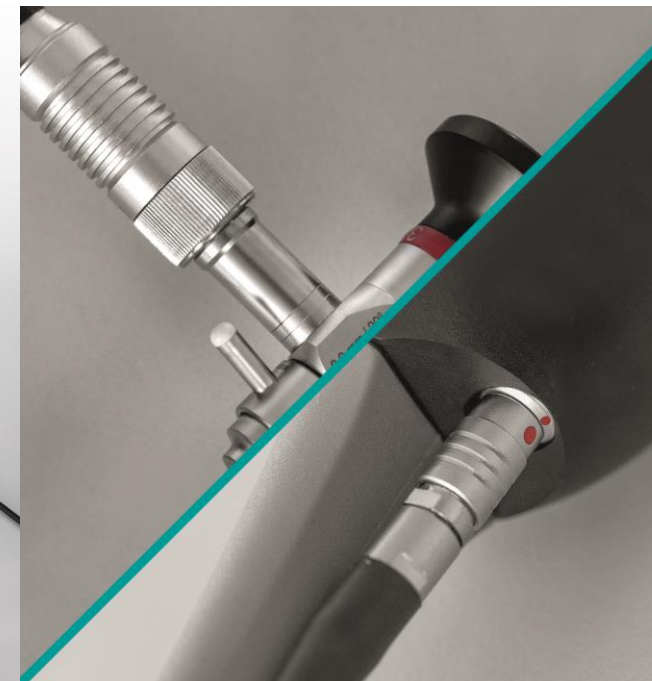

Flexible - Urethrocystoscopy

- 253-800-900 Flexible Ureteroscope Shaft size 7.5CH, WorkingChannel Ø3.6CH angulation up/down: 275°/275°, WL 680m
- 253-960-013 Stone Basket, steril, single use, tipless 1.3Charr., L120cm, Ø12mm nitinol / ball shape
- 253-960-019 Stone Basket, steril, single use, tipless 1.9Charr., L120cm, Ø12mm nitinol / ball shape
- 253-585-005 Dormia Metal Stone Basket flexible, 4 wires, 5cH 600mm
- 253-581-045 Dormia Stone Basket with 4 wires, 5 Charr., 60 cm length with handle
